FORWARD

Pace ADA Paratransit Service is a curb-to-curb service for persons who, because of a disability, are unable to use conventional fixed-route transportation service. This booklet describes how the Pace ADA Paratransit Service program works and what the guidelines are for using it.

Pace provides a wide variety of public transportation services. While ADA Paratransit is the only Pace service solely for people with disabilities, nearly all other Pace transportation services are designed to serve people with disabilities.

- More than 40% of Pace's regular fixed routes are operated using buses equipped with lifts.**

- More than 95% of all Pace dial-a-ride services are operated using small buses and vans equipped with lifts.**

- Accessible vans are available for use in Pace's vanpool services program.**

- A special reduced fare for persons with disabilities is offered on each of these services.**

For additional information on Pace's ADA Paratransit Services, fixed-route services, dial-a-ride services, or vanpool services, please call-

ELIGIBILITY FOR PACE ADA PARATRANSIT SERVICE

The Regional Transportation Authority (RTA) is responsible for registration and eligibility determinations for Pace ADA Paratransit Services as well as for CTA Paratransit Services. To obtain an application, please call:

(312) 917-HELP (4357)

TTY (312) 917-1338

(for hearing impaired only)

Upon completion of the application, please return it to the RTA.

When the RTA first receives it, they review it to decide if additional information is required. If complete, the RTA

determines eligibility for ADA Paratransit Services.

Once eligibility is established, the passenger's name and ADA registration number is added to Pace's ADA Paratransit rider listing. In addition, the RTA mails a letter to the passenger verifying the eligibility. An ADA Paratransit ID card is sent later.

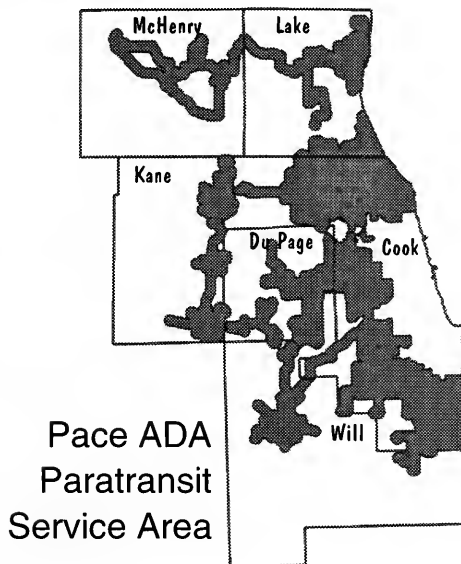

Passengers who are eligible for ADA Paratransit Services are automatically eligible to use Pace and CTA fixed-route services at half the regular fare. Passengers are allowed to travel with an attendant who will also be eligible for the reduced fare for accompanied trips on fixed route services. In both cases, the ADA Paratransit Services ID card must be shown to the driver.

WHERE AND WHEN PACE ADA PARATransit SERVICE IS AVAILABLE

Pace ADA Paratransit Service operates throughout the six county northeastern Illinois region only where Pace conventional fixed-routes are operated. The map on the facing page shows the general outline of the service area for Pace ADA Paratransit Service. In areas where Pace does *not* have regular fixed-routes, no ADA Paratransit Service is offered.

Pace ADA Paratransit Service operates on the same days and during the same hours as Pace's conventional fixed-route service. If no evening or weekend conventional fixed-route service is provided in an area, there is no evening or weekend ADA Paratransit Service.

Additional information on the service area boundaries, the days, and the hours of Pace ADA Paratransit Service for each of the six counties is available through Pace Passenger Services.

HOW PACE ADA PARATRANSIT SERVICE IS PROVIDED

Pace contracts with various transportation operators to provide ADA Paratransit Service. Pace leases its own lift-equipped paratransit vehicles (small buses and vans) to these operators. A single operator is contracted to provide the ADA Paratransit Service in a given county, or large part of a county. The Pace ADA Paratransit Service areas are listed below.

North Cook County	Kane County
South Cook County	McHenry County
West Cook County	North/Central Lake County
North DuPage County	Southeast Lake County
South DuPage County	Will County

Fares

The one-way fare for ADA Paratransit Services is identical for all trips, regardless of service area or distance traveled. Transfers to a regular fixed-route or another ADA service area are provided at no additional charge.

Payment of the exact fare is required and must be paid at the time of the trip. Passengers who are able, should put the fare directly in the

farebox. If a passenger is unable to do this, the driver may assist, if requested.

Passengers may purchase books of ADA Paratransit Services tickets which include 10 tickets. A form to purchase tickets by mail is available through Pace Passenger Services. Many passengers find this more convenient than carrying the exact fare.

TRAVELING WITH A COMPANION

Eligible ADA riders may travel with one companion, or more than one companion if space permits. The first companion can travel at no charge. Additional companion(s) are required to pay the full ADA Paratransit Service fare.

Companions must be picked-up and dropped-off at the same location as the ADA eligible rider.

CALLING TO SCHEDULE AN ADA PARATRANSIT SERVICE TRIP

Calls to schedule trips should be made directly to the operator serving the area traveled. The additional information provided with this booklet lists the telephone numbers of each of the operators that provide Pace ADA Paratransit

Services. The information also tells the hours of the day that the scheduling office is open for accepting requests and how far in advance a passenger may call to schedule a trip.

Occasionally, there may be difficulty in getting through on the telephone to schedule a ride because the lines are busy with other calls. This is especially true in the first hour that the scheduling office is open. Calls are answered in the order received. The

schedulers are instructed to be brief during these busy hours so they can complete each call quickly and take other calls coming in to the scheduling office. When calling to schedule a trip, be ready to provide the following passenger information:

1. Name and ADA Registration (ID) Number
2. Date of the trip(s)
3. Requested pick-up time(s)
4. The exact street address (and building entrance) of each location, pick-up and drop-off
5. If a companion or personal care attendant will also be traveling
6. If the wheelchair lift will be required

7. If there is a specific appointment, the time of the appointment
8. The telephone number of pick-up location (if different from your own)

The scheduler tries to fit the trip in as near to the requested time as possible. However, it is helpful if times can be somewhat flexible.

Because there is a very heavy demand for ADA Paratransit Services, it is not possible to guarantee that every request for a trip can be met. The scheduler keeps a record of trip requests that are turned down. Occasionally, the scheduler may receive a cancellation by another user, or a request to reschedule a trip. In this case, a trip that was originally turned down may then be possible and the scheduler will telephone passengers to fill the trip slots.

As part of Pace's quality control efforts, calls to schedule rides may sometimes be tape-recorded. The primary purpose is to confirm that all customer calls are handled promptly, courteously, and accurately. Callers are able to tell if the call is being taped, either by a recorded message or by a beep tone that recurs intermittently. Please understand that the taping is only to help us improve the quality of our service.

PUNCTUALITY - Passengers & Drivers

Riders are asked to be ready to leave 15 minutes prior to the scheduled pick-up time. If the vehicle arrives up to 15 minutes early, it is helpful but not obligatory if the passenger can leave immediately.

Every ADA Paratransit driver aims to be at the pick-up point on time, or slightly early, but traffic conditions affect travel times a great deal. Passengers should not have to wait more than 15 minutes after the scheduled pick-up time. Please be aware however that the provider is considered to be "on-time" if they make a pick-up within 15 minutes of a scheduled trip.

Passengers are urged to wait at the exact doorway and address indicated when scheduling the trip. Whenever possible, wait where the vehicle's

arrival can be seen. Drivers are not required to knock or ring doorbells. If a passenger is more than five minutes late for a scheduled pick-up time, the driver may not be able to wait and may leave for the next pick-up.

CHANGING A TRIP ALREADY SCHEDULED

Passengers needing to change the time or destination of a trip previously scheduled should notify the scheduling office as soon as possible. Schedulers do the best they can to accommodate the passenger's request for a change in time, but this is not always possible. The sooner the passenger calls to request the change, the more likely the scheduler is able to accommodate it.

Drivers are not authorized to make changes in trip times or pick-up or drop-off locations. All requests for changes must go through the scheduling office of the service providers.

CANCELLATIONS AND NO-SHOWS

If a passenger needs to cancel a previously scheduled ride, they should call the scheduling office as soon as possible so that a trip can be provided to another passenger. A passenger who does not call to cancel is considered a "no-show". A passenger who cancels with less than two hours notice is considered a "late cancellation". Late cancellations disrupt service delivery and take up ride time that could have been used to accommodate the travel needs of others. If a

passenger has an excessive number of no-shows or late cancellations, Pace may suspend the passenger's use of Pace ADA Paratransit Services.

SHOWING PASSENGER ID CARD

At the beginning of a trip, the passenger must show the driver their ADA Paratransit Identification Card (or Letter of Certification from the RTA if the card has not yet been received). Passengers may be denied service if they do not present the ID Card.

At the end of a trip, before the passenger leaves the vehicle, the driver must fill out a trip ticket or log sheet showing the actual time the passenger was picked up and dropped off. The driver is required to show the completed ticket or log sheet to the passenger. After reviewing it and determining that it is accurate, the passenger should sign their name which serves as confirmation that the information is correct.

If a passenger is unable to sign their name, the driver is required to indicate this on the ticket or log. Passengers should not sign if the information is inaccurate and should ask the driver to correct the information as necessary.

REQUIRED USE OF FLOOR RESTRAINTS

Passengers using a wheelchair or other mobile assistive device must allow it to be secured with the vehicle's floor restraint system.

Also, for the passenger's safety, we strongly encourage the use of the lap belt and shoulder belts provided in the vehicles.

LIMITED PASSENGER ASSISTANCE

An ADA Paratransit Service driver will secure a passenger's wheelchair or other mobile assistive device, using the floor restraints. When requested, the driver may provide assistance to a passenger, if in the driver's best judgement, this enhances the safety of the passenger and the safety of the driver and other passengers will not be compromised. Under these circumstances, the driver may assist passengers in 1) boarding and exiting the vehicle; 2) getting to or from the exterior door of their pick-up point or destination. At no time may the driver leave sight of the vehicle.

- Passengers are expected to carry on their own packages.

SUBSCRIPTION SERVICE

A subscription ride is defined as a ride which is taken at least two times per week between the same origin and destination and at the same times. Subscription service, where available, is limited. Currently, in most service areas, during the most popular ride times, the maximum level of subscription rides are being provided. Therefore, most requests for subscription services cannot be accommodated immediately. If a passenger wants to be considered for subscription service, please notify Pace in writing, and provide the following information:

- Name
- Identification #
- Pick-Up Address for Subscription Trip
- Drop-Off Address for Subscription Trip
- Time of Pick-Up
- Time of Drop-off
- Days of the week subscription service is needed

All subscription requests should be addressed to:

Pace Paratransit Department/Subscription Request
550 W. Algonquin Road
Arlington Heights, IL 60005

All subscription requests received are date stamped and placed on a waiting list. Requests within each service area (and hours of service) are handled on a first come first served basis. Pace will contact passengers to verify the subscription trip information when subscription spaces become available.

TRANSFERS BETWEEN ADA PARATRANSIT SERVICE AREAS

Passengers can travel between different Pace ADA Paratransit Service areas, if the areas are adjacent. Also, passengers can travel between Pace ADA Paratransit Service areas and the Chicago Transit Authority's (CTA's) Paratransit Service area, if the service areas are adjacent.

In order to arrange travel between adjacent areas, a passenger must call the different providers from each area and schedule a transfer trip.

UNSAFE BEHAVIOR - Pace Right to Refuse Service

Pace reserves the right to refuse service to anyone who poses a threat to the safety of other passengers or the driver, or whose behavior poses a threat to their own safe transport.

OTHER PROHIBITED BEHAVIOR

No eating, drinking or smoking is allowed on the bus.

RIDER COMPLAINTS, COMPLIMENTS, GENERAL INFORMATION

Pace staff works closely with ADA Paratransit Service providers and monitors all services with the goal of continually improving quality. Pace also relies on the passengers to help with monitoring, so we welcome passenger comments — both criticism and praise.

Any complaints should be made directly to Pace Passenger Services at:

708-364-PACE (7223)
TTY 708-364-5093
(for hearing impaired only)

Pace staff is best able to investigate and resolve complaints or problems when the passenger notifies us promptly after the occurrence, and provides specific information as to date, time, and other relevant details.

General concerns, commendations, suggestions, or requests for general information on any Pace services also should be directed to Pace Passengers Services.

IN CONCLUSION

Pace ADA Paratransit service aims to offer efficient and economic service which is:

- Safe
- Reliable
- Comfortable
- Responsive
- Courteous
- Helpful
- Punctual

Passenger involvement and comments are welcome at all times.

PICK UP YOUR PACE IN MCHENRY COUNTY

Pace provides a full array of services in McHenry County which are available to speed you on your way. From traditional fixed routes between major McHenry County cities with connections to Metra rail service, to convenient curb to curb dial-a-ride within the cities, to specialized service for persons with a disability, we have the solution to your transportation needs.

GETTING AROUND:

FIXED ROUTES operate weekdays only, from approximately 6:00 am. to 9:30 am. and again from 2:30 pm. to 7:00 pm.

ROUTE 806 - for travel between Crystal Lake and Fox Lake via McHenry.

ROUTE 807 - for travel between McHenry and Woodstock via Wonder Lake, and

ROUTE 808 - for travel between Crystal Lake and Harvard via Woodstock.
(consult individual schedules for specific routings and times)

MIDDAY INTER-COMMUNITY DIAL-A-RIDE operates weekdays only, designed to provide convenient curb to curb dial-a-ride service between cities during that period when the fixed routes do not run, approximately 9:00 am. to 2:00 pm. To schedule a ride, call 1-800-451-4599, one business day in advance of the day you would like to travel. This service provides trips between the same areas as the fixed route service, except it does not extend all the way to Harvard but does allow for transportation between Crystal Lake and Spring Hill Mall in Kane County.

SOUTHEAST MCHENRY COUNTY DIAL-A-RIDE operates weekdays only, from 6:30 am. to 7:00 pm, providing curb to curb dial-a-ride services within and between the Crystal Lake, Cary, Fox River Grove, Algonquin, Oakwood Hills, Holiday Hills, Prairie Grove and Lake-in-the-Hills areas. To schedule a ride, call 1-800-451-4599 or 1-800-273-5939, one business day in advance of the day you would like to travel.

CRYSTAL LAKE DIAL-A-RIDE operates weekdays, 6:30 am. to 7:00 pm. and Saturdays 9:00 am. to 5:00 pm., providing curb to curb dial-a-ride service within the City of Crystal Lake. To schedule a ride, call 455-5900, at least 60 minutes before you would like to be picked up.

MCHENRY TOWNSHIP DIAL-A-RIDE operates weekdays, 6:30 am. to 6:00 pm. and Saturdays 9:00 am. to 5:00 pm., providing curb to curb dial-a-ride service primarily within the City of McHenry, with limited service to portions of McHenry Township outside city boundaries. Saturday service is restricted to the City of McHenry only. To schedule a ride within the city, call 1-800-451-4599, at least 60 minutes before you would like to be picked up. For areas outside of the city, call one business day in advance.

HARVARD DIAL-A-RIDE operates weekdays only, 6:15 am. to 4:00 pm., providing curb to curb dial-a-ride service within the City of Harvard. To schedule a ride, call 943-7700, at least 30 minutes before you would like to be picked up.

MARENGO DIAL-A-RIDE operates weekdays only, 9:00 am. to 4:00 pm., providing curb to curb dial-a-ride service within the City of Marengo, Village of Union and Marengo and Riley Townships. To schedule a ride, call 1-800-273-5939, at least 30 minutes before you would like to be picked up.

WOODSTOCK DIAL-A-RIDE operates weekdays from 6:00 am. to 6:00 pm., Saturday, from 9:00 am. to 3:00 pm., and Sunday from 8:00 am. to 2:00 pm., and provides curb to curb dial-a-ride service within the City of Woodstock. To schedule a ride, call 338-5240, weekdays between 8:00 am. and 5:00 pm. at least 30 minutes before you would like to be picked up (for trips before 8:00 am. call the day before). Schedule Saturday trips 30 minutes in advance between 9:00 am. and 1:00 pm., for Sunday trips call to reserve your ride on Saturday.

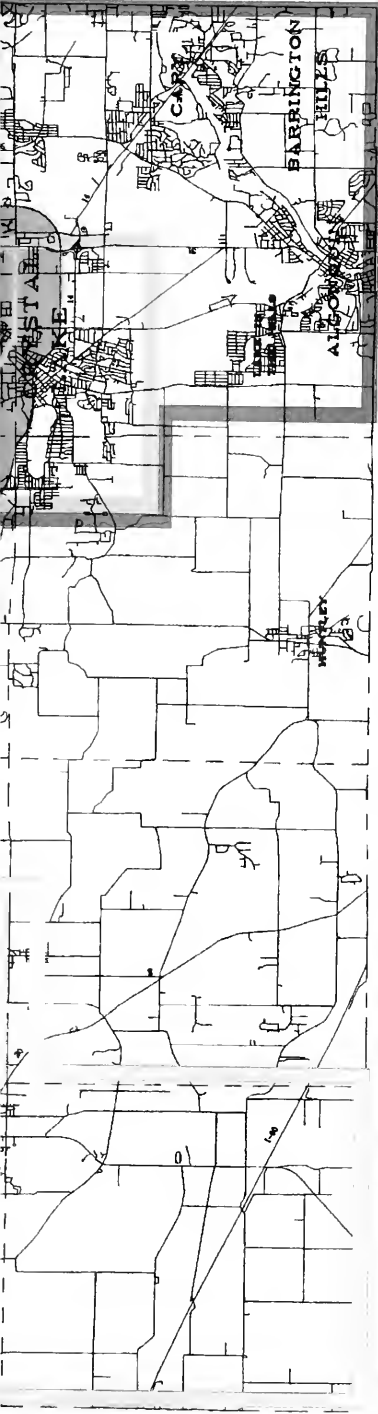

ALL OF THE ABOVE SERVICES ARE OPEN TO AND AVAILABLE TO THE GENERAL PUBLIC.

MCHENRY COUNTY ADA PARATRANSIT SERVICE service areas, days and hours of operation are established in compliance with provisions of the Americans with Disabilities Act. Services are provided during those days and hours that fixed route(s) serving the area are in operation. Service area may vary by individual route. In order to use ADA Paratransit Services, you must have a Pace or CTA Special Services Card or RTA ADA Paratransit I.D. Card. Call the RTA at (312) 917-HELP (4357), for registration information and to obtain an application.
